EMERGENCY ROOFING SERVICES

When disaster strikes and your roof is impacted, an immediate response is necessary to minimize damage and safeguard assets. With highly trained personnel on-call and ready to act, Stellar is a trusted emergency commercial roof repair partner.

INSURANCE LOSS EVALUATIONS

Stellar's goal is to restore every building to its pre-loss condition. Our team has the industry experience and expertise needed to develop a detailed and accurate scope of work, which will include all damages associated with a loss. Our 3-step process to recovery helps get you back in business quickly:

1. Free Damage Evaluation - A roofing expert will inspect your roof for damage.
2. Navigating the Restoration Process - We will provide a detailed scope of work and communicate to the owner and insurance carrier the amount of damage and the appropriate replacement and cost.
3. Total Roof Replacement - Once the scope is approved, we will begin replacing the roof.
